PROGRAM INFORMATION:

CANSkate and PreCAN is a dynamic learn- to-skate program that focuses on fun, participation and basic skill development. Skaters progress at their own rate and badges, ribbons and other incentives are given to skaters as they progress and to reward effort and participation. Nationally certified coaches trained in teaching the mechanics and proper techniques of skating and program assistants provide instruction in a 1:10 coach/program assistant to skater ratio. CANSkate and PreCAN provides kids with the best foundation for figure skating, hockey, speed skating and ringette.

PreCAN is for skaters 2-4 years of age. **CANSkate** is for children (5+) that are brand-new to skating or progressing through the CANSkate badges and ribbons (Stages 1-6).

STARSkate offers opportunities for skaters to develop fundamental figure skating skills in the areas of ice dance, skating skills, free skate and interpretive skating.
